

How's the Weather up There?

Daily Weather in 2022 Across Latitudes

Temperature and humidity are represented by bars showing the minimum and maximum values each day. Black line represents average values in each day throughout the year. The color of each bar is also linked to the average value for a given day.

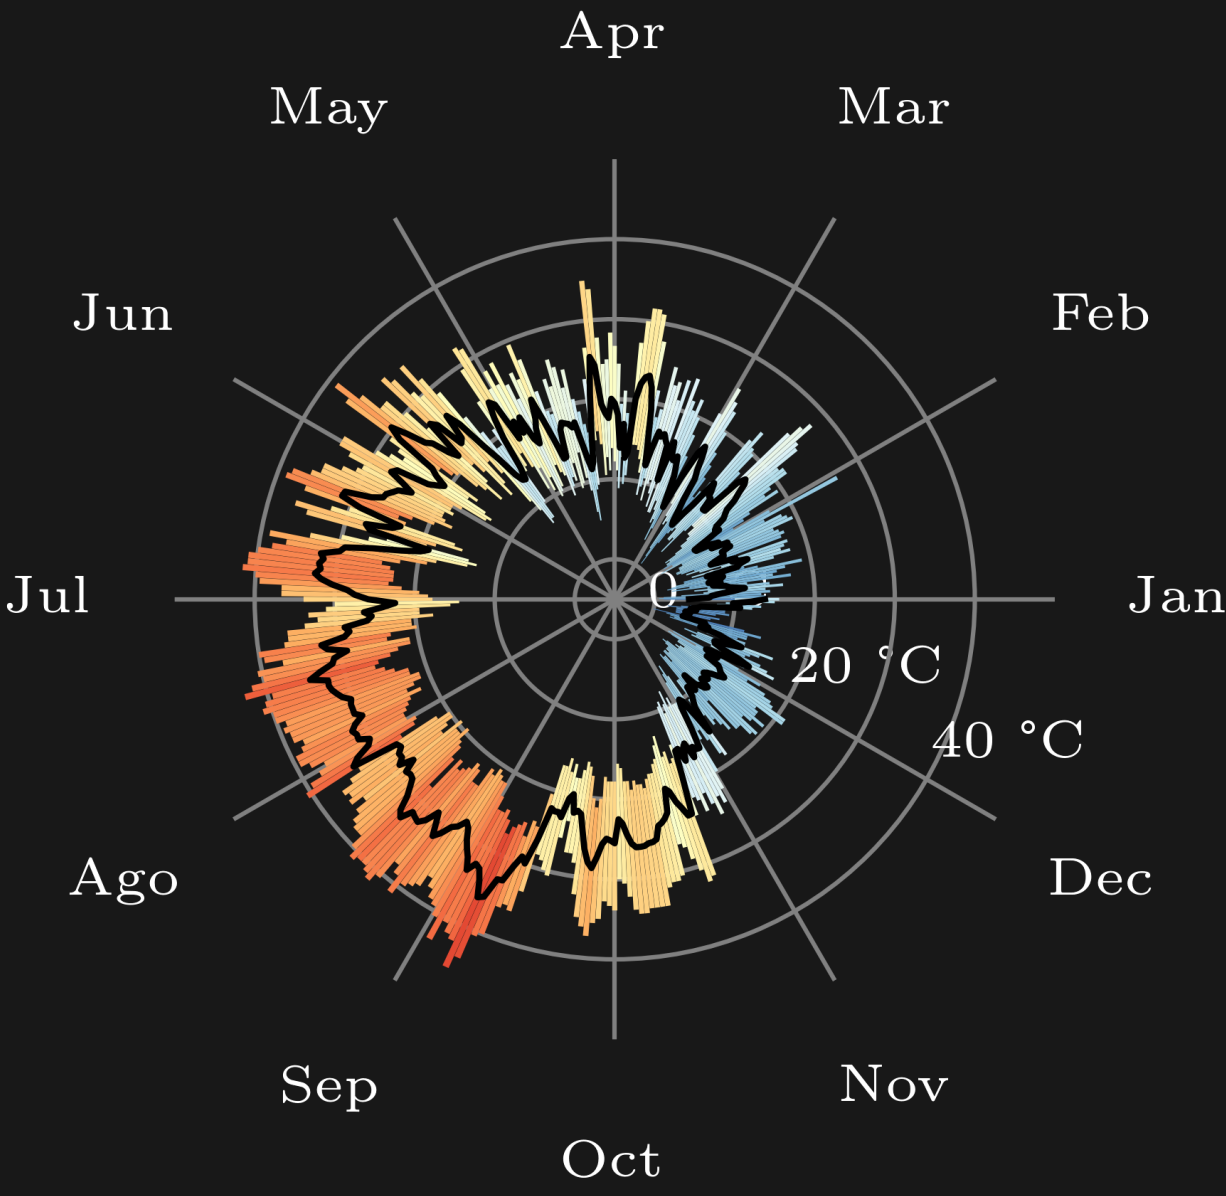

Daily temperature in °C

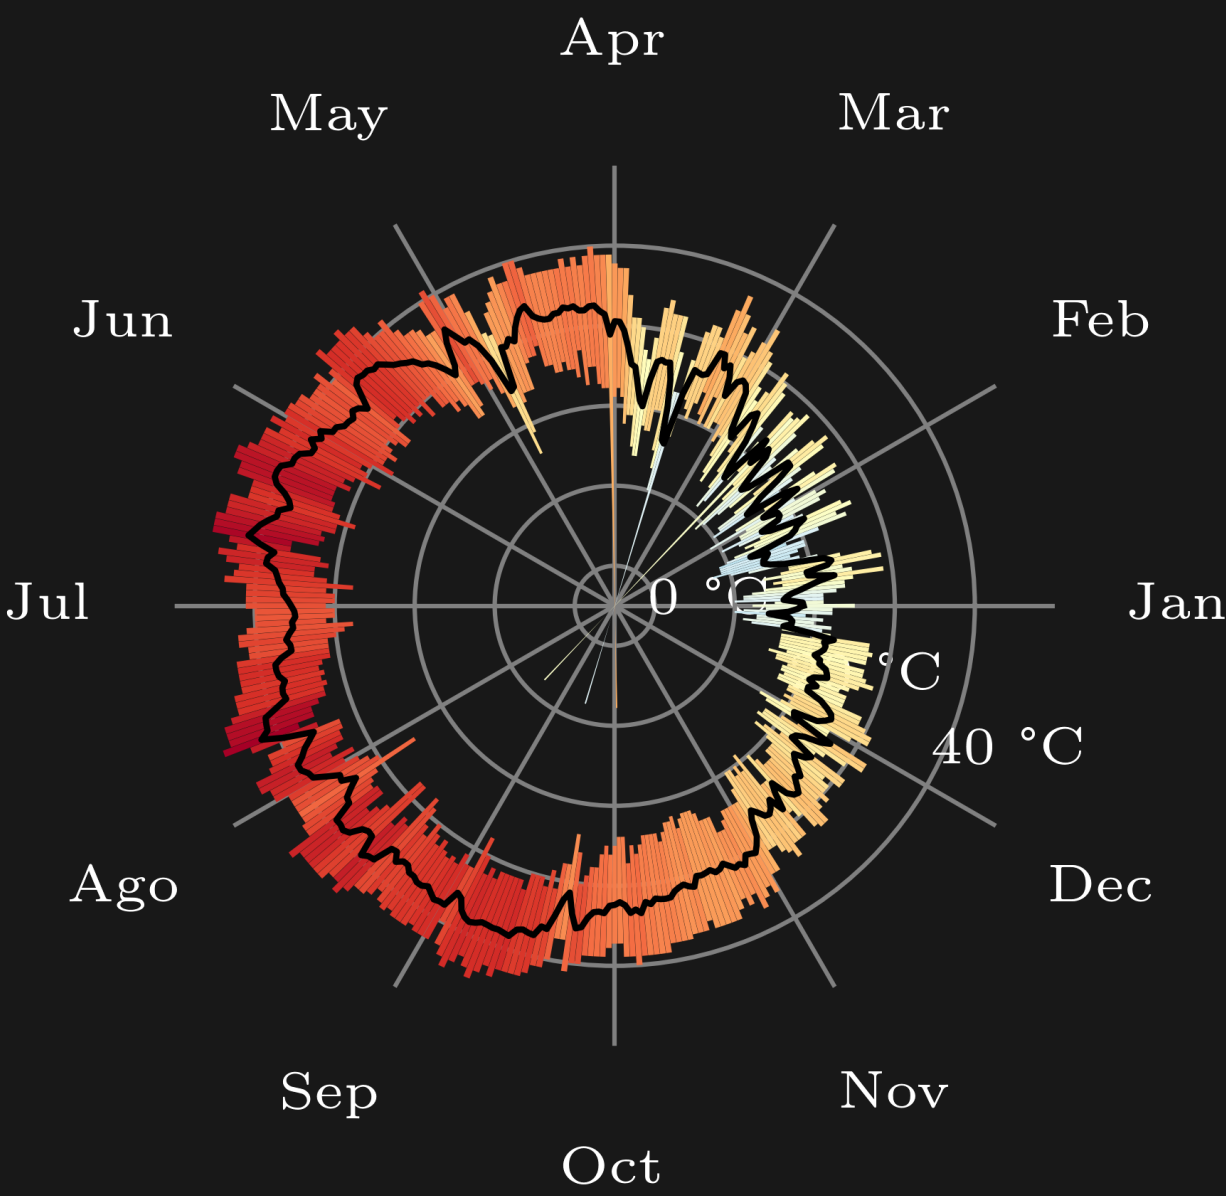

Daily humidity in %

Fresno, USA

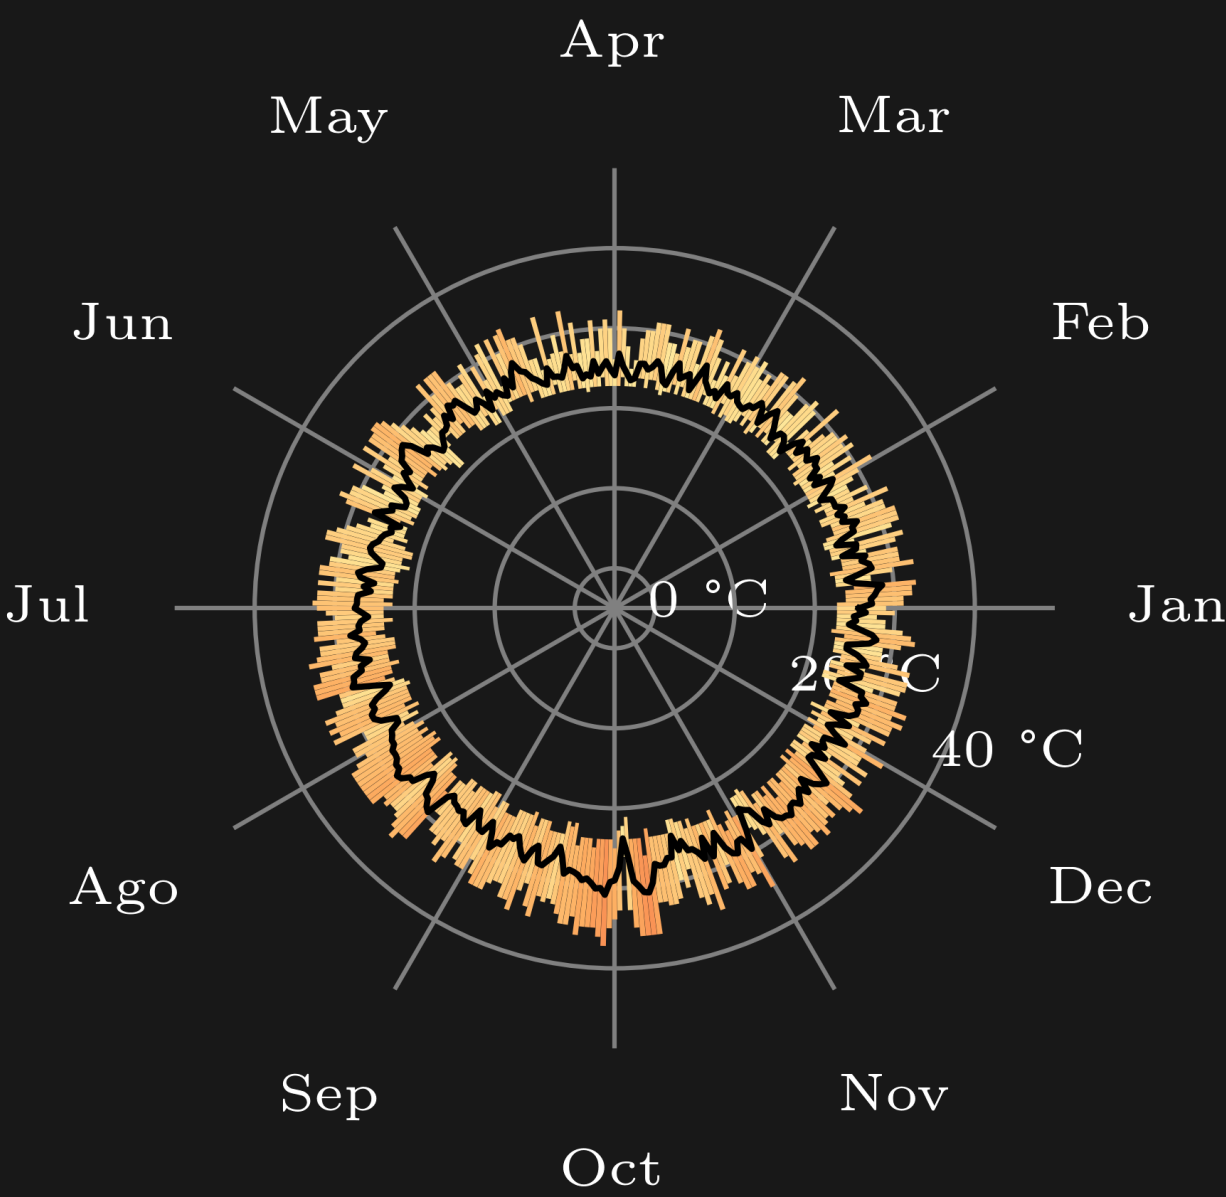

Lat: 36.747°

Medina, SAU

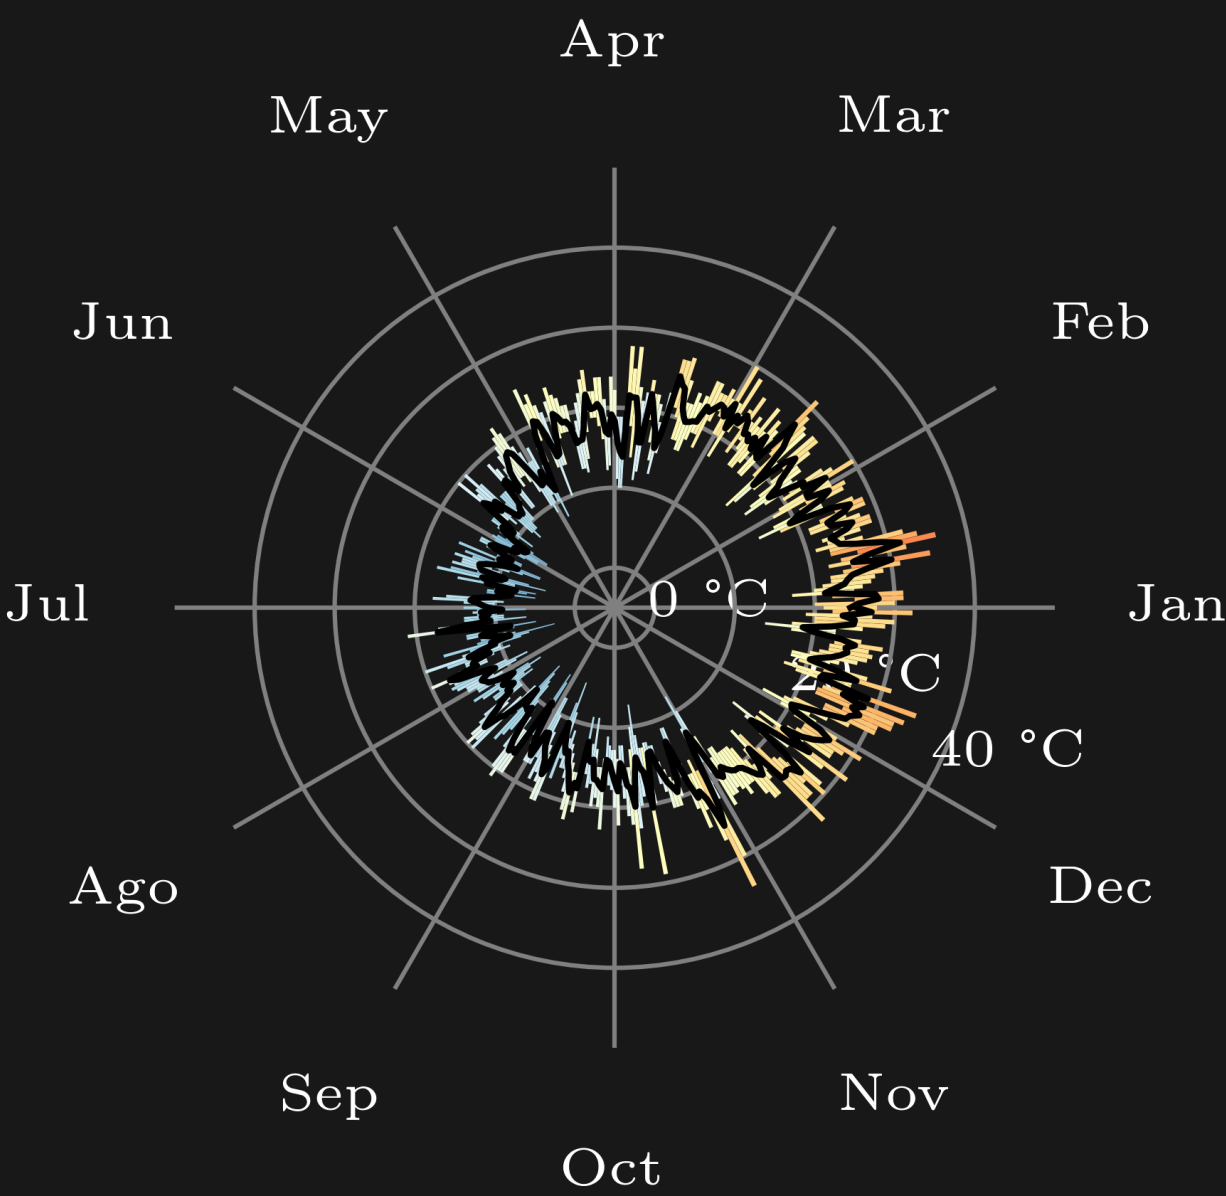

Lat: 24.471°

Manaus, BRA

Lat: -3.107°

Buenos Aires, ARG

Lat: -34.613°
